# **A SEASONAL “THANK YOU” TO ALL OF OUR PARISH MAGAZINE DELIVERERS.**

Our Editor Martyn Fox, and I join in sincerely thanking all our monthly STUKELEYS PARISH MAGAZINE deliverers for their much-appreciated HARD WORK in ensuring that you receive the PARISH MAGAZINE every month of the year come sun, rain or snow.

Without our volunteers in both Great and Little Stukeley we would not have the pleasure of keeping up with each other's news and learning about our local services. Without them it would not be the same living in the STUKELEYS.

A very MERRY CHRISTMAS to our deliverers and Martyn and I wish you all a very HAPPY, SAFE & PROSPEROUS NEW YEAR.

## **A Special Thank You**

Many thanks to Mary Alleyne-James and her husband Barrie. They sort out and deliver the Stukeleys Parish Magazine to all the Volunteer Deliverers. I have done it once or twice and I know how hard they work to make sure magazine is delivered to the Deliverers before the beginning of the month.

**Stukeleys Parish Council Meeting held on Monday 1<sup>st</sup> November 2021 at 7.15pm at Great Stukeley Village Hall:**

Those present Chairman Terry Pinner and Cllrs Tim Close, Shaun Burton, Sally Smith, Paula Tuck, Ben Parkin. Apologies received from Cllrs. Evans, Digby.

S. Smith informed the council that Cllr. L. Smith had tendered her resignation, this to be confirmed by letter.

Five members of the public and two CCC councillors also attended.

Concern was raised by a member of the public regarding progress of the pocket park project, Cllr SS read out a report from the planning adviser to the SPC as follows.

I have received the Topographical survey and sent it to both the ecologist and tree consultant for approval as basis of their reports. I understand that the ecology survey has been done and that the tree survey will be carried out first week in Nov.

Once I receive the final reports I can finalise the planning statement and collate the application- I anticipate being in a position to submit the application in Nov.

Once in- it would be very helpful for local support to be expressed as part of the consultation process and so perhaps the PC can arrange letters / email of support to be made at the appropriate time.

I have spoken to a concerned resident in the interim and explained the planning position in relation to loss of playing fields and Sport England objection / strategy to get the application to committee.'

Concern was raised by a member of the public regarding a recent planning decision, HDC Cllrs present will investigate his complaint.

Regarding Ermine Street works, Cllrs SS, SB and TC to attend site meeting with representatives of U&C, CCC and HDC. and follow up with a meeting with U&C.

Regarding the Neighborhood Plan Cllr SB reported that the council has applied for and obtained a subscription to OS Geo mapping and that the next step will be for the project adviser to apply for a funding grant towards producing a draft plan.

Cllr PT proposed that CIL funds could be made available to aid Community Projects within the parish, seconded by Cllr SS. Council to look into preparing a policy on how implement this proposal.

Two 1000ltr. Water tanks have been delivered to the allotments and now require installation, SPC waiting for a quote for replacement pump.

Cllr. TC updated on allotment invoicing, all holders have been invoiced, nine have paid to date.

Electronic speed signs to be installed asap, Cllr TC to update insurers and add to asset list.

So the committee decided, as there was little time to organise someone to provide the food, to order quiches from Measures, cook jacket potatoes, prepare a green salad + tomatoes and get desserts from Iceland. The meeting was happy for this to go ahead. It will be a 7pm prompt start. Members to bring their own cutlery, plates (x2) and glass to save on the washing up. Table decorations were offered by Ann Monk, Jan Sly, Janet Talbot, Doris Sadler and Joan Gray. Monica Brown has made the cake.

President and Secretary - Jenny Thilo said she would take over the MCS part of the Secretary's job. Ann Monk said she was prepared to do the other duties of the Secretary through to March on a temporary basis. Jenny would become the Treasurer from April and Zena would take over the role of Secretary after the accounts audit. Jan Sly and Jill Sapsed volunteered to become joint Presidents if no-one else was willing.

## **You can help give carers someone to talk to this Christmas**

In the run up to this Christmas, local charity Caring Together are asking you to help make sure carers have someone to talk to.

Looking after a family member or friend can be very hard, and at this time of year the advice, information and support the charity has available to carers is even more important.

The Caring Together helpline team are available to carers year-round and talk to carers and their families living in Cambridgeshire, Peterborough and Norfolk.

Everyone the helpline team speaks to has their own personal story. Some have just become a carer and are completely new to a situation that has turned their life upside down. Others have been caring for a loved one for many years, and have reached a point of crisis, or where they need help or support they have not had before.

The donations made by people like you mean the charity can help more carers in your community in the way they want and need.

Claire from the Caring Together helpline explains, "I hear first-hand from carers about the struggles they and their family encounter daily.

"Due to the COVID pandemic many carers have not had their usual support, with family and friends not able to help in their normal ways for a range of reasons due to restrictions, or the person they care for having to shield."

"The helpline and our services have been here to help carers in every situation throughout the pandemic.

"Everyone looking after a family member or friend has their very personal situation that we are here to help with.

“We may be able to help them buy essential equipment or give advice on benefits. Some may want and need someone to talk to so we can link them into our Listening Ear or counselling services. Many just simply need a break; we can help with that too.

“They may feel isolated and benefit from joining one of our online or face-to-face groups where they can meet other carers. Or we could be helping them access any one of the other services we or our partners offer that they may not even know about.

“Christmas is often a very challenging time for carers and the people they care for. The coronavirus pandemic has made things even more difficult.

“You can help us at Caring Together make a difference to carers across Cambridgeshire, Peterborough and Norfolk. Every donation means we can do more to help carers – both in the calls they answer and with the support provided for each person looking after a family member or friend.”

You can donate online at [caringtogether.enthuse.com/cf/christmas2021](https://caringtogether.enthuse.com/cf/christmas2021) or by posting a cheque made payable to 'Caring Together' to Caring Together, Unit 4, Meadow Park, Meadow Lane, St Ives, Cambridgeshire, PE27 4LG

## **Caring Together**

Caring Together is a leading charity supporting carers of all ages across Cambridgeshire, Peterborough and Norfolk.

We provide information and advice, run services in our local communities and campaign so that carers have choices.

A carer is anyone, including children and adults, who looks after a family member, partner or friend who needs help because of their illness, disability, a mental health problem or an addiction, and cannot cope without their support.

We are proud to support more than 17,000 carers and their families every year, but there are an estimated 178,000 carers living in our region. And this number is rising.

We need your help to make sure that even more carers in our local communities receive the practical and emotional support that they need.

## HAVE YOUR SAY

### on the future of transport in our region

**We want everyone in our region to have their say on the region's transport future.**

The Cambridgeshire & Peterborough Combined Authority is refreshing the Local Transport and Connectivity Plan (LTCP).

The LTCP is the map for a better transport future in Cambridgeshire & Peterborough. It will help bring our communities closer together, support business and better connect people to education, retail, leisure and work.

So far we have a draft vision for the future of transport and a set of key aims and objectives. But before we develop the LTCP further, I want to hear what you think of our priorities so far, and what you think are the main transport challenges.

We have set up an [LTCP website](#) where you can have your say until Sunday 28 November. There are also more details on the plan and the next steps.

**We want as many people as possible to give us their thoughts: please forward this to your local contacts.**

We know that not everyone is able to use online forms. If you or anyone you know would prefer paper copies of the booklet and feedback form, please let us know and we will post them to you:

- Freephone: 0808 258 3225
- Email: [contact@yourltcp.co.uk](mailto:contact@yourltcp.co.uk)
- Freepost: YOUR LTCP

The feedback form can also be returned via freepost, so there will be no extra charge.

# Alconbury Weald update

With the clocks going back and the leaves starting to fall, the Alconbury Weald community has been wrapping up warm to plant saplings at the first community tree planting day and remember those who gave their life in service on Remembrance Sunday.

Local families joined us to plant thirty saplings - 10 wild cherry, 10 rowan and 10 silver birch – at Somning Park, an adventure playground inspired by the great outdoors. The first 51,000 newly planted trees at Alconbury Weald will store 170 tonnes of carbon every year and help remove over 1.24 tonnes of airborne pollutants. That's why trees are such an important part of the future of the development – and there is always room to plant more!

On Remembrance Sunday, around 140 residents and neighbours, children from local brownie and scout groups, and military representatives from the US Visiting Forces and RAF Wyton Station joined Rev'd Rob Paddison from Alconbury Weald Church for an outdoor service that started at the school plaza.

Attendees then proceeded up Garland Park, along the route of the former airfield's taxiway, and concluded the service on the platform on Memorial Green with the listed Watch Office in the background.

Natalie Leigh-Brown, community development lead at Alconbury Weald, said: "There was a real sense of community at our Remembrance Sunday service this year, with all ages joining together to pay tribute and remember the sacrifices made. The Watch Office and Green always provide a poignant backdrop to the service to remember all those who served and protected us in times of war and conflict."

There's also lots planned for December with wreath making workshops organised by Friends of ESCA (3 and 10 December), carols around the tree and a concert from Hunts Male Voice Choir (from 5pm on 9 December) and Santa will be cycling around Alconbury Weald the weekend before Christmas, giving out sweets with his trusty elf.

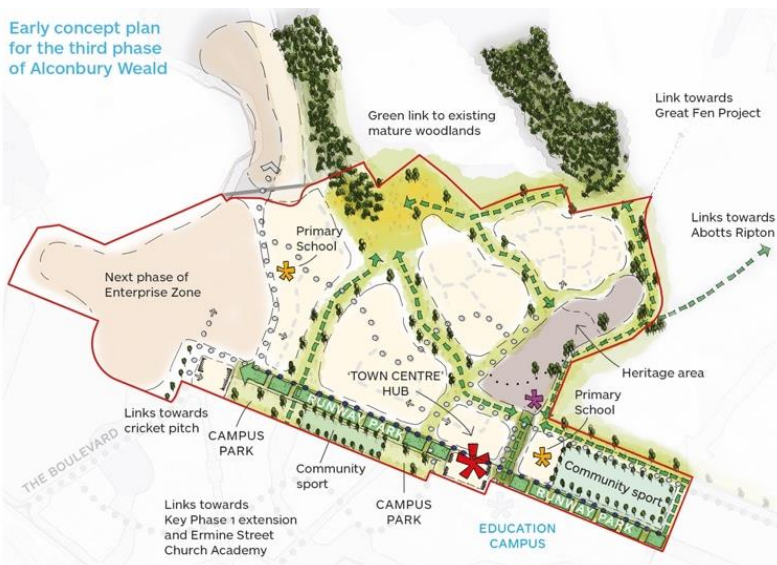

In December, Urban&Civic will also be sharing its emerging proposals for the next stage of development at Alconbury Weald and is inviting residents, neighbouring communities and other key local partners to find out more and help shape the detailed plans.

Phase 3 will see the delivery of a 'Town Centre' hub with a range of key facilities and amenities including:

- Shops and cafés
- Health centre, dentist and pharmacy
- Community centre, faith space and library
- Fitness centre.

This phase will also include the next 2,000 homes, two primary schools, a heritage area, the next phase of the Enterprise Zone and extensive green space incorporating community sports facilities and a park following the line of the historic runway.

Critically, all these facilities will lie at the heart of key transport connections, including good cycle, walking and bus connections for residents and visitors at Alconbury Weald.

**Public Exhibition:** There will be an opportunity to chat to the project team, share your thoughts and ideas, and ask any questions at the exhibition:

- 3pm–8pm on Wednesday, 15 December 2021
- 10am–3pm on Saturday, 18 December 2021

Both exhibitions will be held in The Hall in The Club, The Boulevard, Alconbury Weald, PE28 4XA.

**Online consultation:** Alternatively, you will be able to view the information online from 15 December at <https://consultation.alconbury-weald.co.uk>

Feedback received will help shape the detailed design of Phase 3, and Urban&Civic will hold an update and further exhibitions in February next year to share the evolving designs.

## Are The `Tree Huggers` Right? Nope!!

Human folly is all too common. But in a long life I have never come across anything remotely as bad as the current climate scare. The government's COP26 targets are ambitious (and eye-wateringly expensive). Are we really facing an existential threat? Or might the climate change 'crisis' in fact be quasi-religious hysteria, based on ignorance?

Since the industrial revolution, when we began to use fossil fuels as our source of energy, this has led to a steady, albeit gradual, increase in the amount of carbon dioxide in the atmosphere. The tree huggers refer to this as pollution. In reality, it is the stuff of life. It is the food of plants, and without plants there would be little animal life and no human life.

The principal effect of increased carbon dioxide in the atmosphere is to stimulate plant growth, known as the fertilisation effect. The planet is becoming greener thanks to increased CO<sub>2</sub>. Paradoxically we are told to reduce further increases in CO<sub>2</sub> in order to become 'green'.

A secondary effect of increased CO<sub>2</sub> in the Earth's atmosphere is to warm the planet slightly. According to the Intergovernmental Panel on Climate Change, part of the United Nations, the Earth is warming at a rate of at most one-sixth of a degree per decade, a barely perceptible amount.

And of course, we don't experience the mean global temperature: we experience the temperature in our country, which varies enormously. For example, the difference between the mean annual temperature in Finland, and that in Singapore, is 22 degrees. And both these countries are successful.

The climate hysteria is not a harmless folly. The reason the world uses fossil fuels is that they are the cheapest source of large-scale reliable energy. Nuclear power is reliable, but not cheap. Renewables — wind and sun — are not particularly cheap and certainly not reliable.

The economic cost of abandoning fossil is massive: even the Treasury admits that it will cost the UK tens of billions of pounds a year. That is why China, the world's largest emitter of CO<sub>2</sub>, while paying lip service to the net-zero target, continues to build new coal-fired power stations hand over fist.

Decarbonisation would be an unparalleled economic calamity. Why is it that the UK and most of the western world have signed up to it? Because the current climate scare is a quasi-religious hysteria. Mankind seems to have a psychological need for a belief system. Traditionally in the West, this has been Christianity; but climate catastrophism has emerged to take its place.

Also, it is particularly convenient for our political leaders, because whatever errors they may commit in this non-deferential age, they can always pass themselves off as saviours of the planet.

But whatever the cause of the climate change madness, the effect is clear. While global warming is not a problem, the policies intended to prevent it are a disaster.
